FLOODPLAIN CHECKLIST

- ___ Completed Permit Application as provided by the Village of Franklin:
 - ___ A full identification of the applicant and all interested parties ie: proof of ownership (title insurance), signatures and/or letter of authorization.
 - ___ The residence address and/or business address of applicant, authorized corporation and/or all interested parties.
- ___ An application fee of **\$50** (non-refundable)
- ___ **\$5,000** Bond
- ___ The application fee shall be credited to approved permit fee**\$150**
- ___ A complete written description and location of the property prepared by a registered civil engineer or land surveyor, noting the shape and dimensions of the lot or parcel together with the existing and proposed locations of structures and improvements, if any.
- ___ A topographical map of the property, covering an area having as radius of 300 feet from the exterior boundary of the subject site, noting the location and extent of wetlands, watercourses and floodplains as identified through field investigation; the topographical map shall be a scale of one inch equals 100 feet or larger and shall employ, at a minimum, a contour interval of two feet.
- ___ A written description of the types of wetlands on the site, e.g. forested, shrub, emergent marsh, wet meadow and aquatic bed, identified by using methods approved by the MDEQ as set forth In the Michigan Wetland Determination Manual Draft for Field Testing and/or other official publication.
- ___ A written specification of the extent of all areas to be disturbed, the depths at which removal or deposition activities are proposed, and the angle of repose of all slopes of deposition material and/or sides of channels or excavation resulting from removal operations.
- ___ A written description of the existing general soil conditions throughout the parcel as indicated on the Oakland County soil survey.
- ___ A written description of those typical cross sections of the proposed structures, dredge cuts, fills, bridges or culverts, including dimensions and elevations and location of wetlands and watercourses.
- ___ A written identification of type, volume and area for proposed construction materials, dredge material and/or fill material.
- ___ A written identification of type and location of soil erosion control measures to be used during construction, including measures which will be used to trap sediment which might otherwise run off into wetlands and watercourses.
- ___ A written description of the location and dimensions of all setback easements and existing and proposed public and private utilities

- ___ A written statement as to grade changes proposed and proposed drainage pattern changes for the lot or parcel and how such changes will affect these regulations; existing contour data for the entire property

with a vertical contour interval of no more than two feet, and vertical contour data at an interval of no more than one foot for all areas to be disturbed by proposed operations, extending for a distance of at least fifty feet beyond the limits of such areas. Indicated elevations shall be based on United States Geological Survey datum.

The applicant shall be responsible for 100% of all consultant fees incurred by the Village of Franklin PLUS a 10% administrative fee
